Experience

Software Engineer Intern @ Uber Technologies, Inc.

June 2018 – Present | San Francisco, CA

- › Engineering a new data pipeline for Uber Maps search infrastructure

Software Engineer Intern @ PayPal, Inc.

June 2018 – September 2018 | San Jose, CA

- › Worked entirely on the team roadmap, deploying features requested by large enterprises for PayPal Tag Manager
- › Developed a new feedback flow used by 5000+ merchants and integrated into the PayPal standard library

Software Engineer Intern @ Gorgias, Inc.

June 2017 – September 2017 | San Francisco, CA

- › Deployed customer-facing features for the SaaS company's e-commerce helpdesk using Django and React.js, and updated backend routes to handle concurrency
- › Built an email digest engine for chat users, along with automatic language detection features

President / Software Engineer @ UCLA DevX

April 2017 – April 2018 | Los Angeles, CA

- › Lead an organization of 80+ student developers, designers, and product managers to build out software products for UCLA students

Selected Projects

TickTickTick | Slackathon 2018 1st Place

- › Built a slack app to push user-inputted code to a remote server, auto-detect language, and execute the code in pre-configured Docker containers
- › Enabled program output and generated files to be posted in a slack channel, allowing code to be conversational

BQuest | Web App | React.js, Flask, Docker, AWS

- › Built a mentorship platform for undeclared-major students at UCLA to connect easily with upperclassmen and gain insight about majors
- › Developed the front-end and maintained deployment on AWS

Describe It | Web App | Node.js, React.js, PostgreSQL

- › Developed a real-time online multiplayer game for friends to anonymously answer questions about themselves and guess which answer belongs to which friend

Education

University of California, Los Angeles

B.S. Computer Science
Class of 2020
Regent's Scholar

Casa Grande High School

Class of 2016
Valedictorian

Skills

Languages

Python, Javascript, C/C++,
Golang, Java

Frameworks

Flask, Django, Node.js,
React.js, Express.js

Tools + Platforms

Git + Github, Docker, SQL,
PostgreSQL, AWS

Activities

UCLA Men's Ultimate
Frisbee, UCLA DevX
